

## Sharda University

School: School of Allied Health Sciences

Programme: Master of Science (Pharmaceutical Sciences) SAH 0116

Academic Year 2020-2021

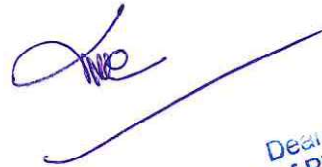

Department: Feedback Analysis  
Allied Health Sciences 9/3/21

(This format is placed before the Departmental Academic Committee & the Board of Studies)

| Stakeholder    | Scale            | Feed back questions Average |     |     |     |     |     |     | Suggestions by stakeholders in Feedback  |
|----------------|------------------|-----------------------------|-----|-----|-----|-----|-----|-----|--|
|                |                  | Q1                          | Q2  | Q3  | Q4  | Q5  | Q6  | Q7  |  |
| Faculty<br>4   | Excellent        | 90%                         | 80% | 90% | 60% | 80% | 80% | 80% | MD121T QSAR and chemistry syllabus should be included.   |
|                | Very Good        | 65%                         | 70% | 60% | 70% | 75% | 75% | 70% | MD112T Syllabus should have Industrial case studies.   |
|                | Good             | 65%                         | 60% | 75% | 68% | 65% | 60% | 65% |  |

|                | Not Satisfactory |                             |     |     |     |     |     |     |  |
| Alumini<br>12  | Excellent        | 90%                         | 75% | 85% | 77% | 90% |     |     | Industry specific training should be there , Analytical questions should be included.  |
|                | Very Good        | 85.00%                      | 80% | 83% | 75% | 92% |     |     |  |
|                | Good             | 50.00%                      | 55% | 65% | 65% | 60% |     |     |  |
|                | Satisfactory     |                             |     |     |     |     |     |     |  |
|                | Not Satisfactory |                             |     |     |     |     |     |     |  |
| Employers<br>4 | Excellent        | 70%                         | 65% | 70% | 70% | 66% | 65% | 70% | Industry related topics should be added, Skill enhancing activities should be there.   |
|                | Very Good        | 60%                         | 60% | 60% | 65% | 60% | 67% | 66% |  |
|                | Good             | 50%                         | 64% | 67% | 70% | 65% | 65% | 60% |  |
|                | Satisfactory     |                             |     |     |     |     |     |     |  |
|                | Not Satisfactory |                             |     |     |     |     |     |     |  |

Feed back analysis  
(Few points)

1. QSAR and Chemistry syllabus should be included
2. Industrial case studies should be included
3. Hands on training should be included
4. More Guest Lectures should be included
5. Industry related topics should be added
