| Name of Speaker/s with affiliation (If any) | Dr.Satish Sinha, Associate Director, Toxics Link Dr.Kavita Yadav,BDS,MPH | Email: | |
| | | Contact No: | |

M. Siddhant

SECTION B: Event report and reflection

1. **Event objectives:** To recognise the environmental implications of mercury and increase awareness about mercury toxicity.
To eradicate the use of amalgam in dentistry due to mercury toxicity.
To promote alternative restorative materials with improved properties with no environmental and health hazards.

2. **Event description:** The eminent speakers Satish Sinha and Kavita Yadav highlighted on adverse effects of mercury on human health and environment. They promoted the alternative uses of restorative materials for reducing the toxicity produced by mercury in amalgam restorations, thereby enhancing the shift from mercury to mercury free dental practice.

3. **Participants (compulsory for events):**

| S. No | Total Participants | Number of Male | Number of Female |
|-------|--------------------|----------------|------------------|
| 1 | 60 | 21 | 39 |

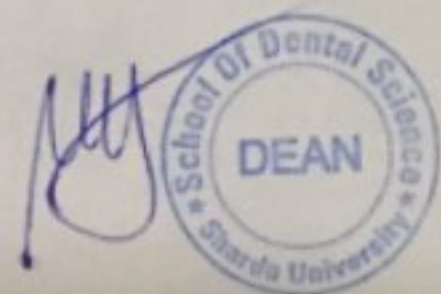

4. **Budget distribution from University/any other agency:**

5. **Appendices**

Please attach the following details in the report (DON'T SEND ANY OTHER ATTACHMENTS)

Satish Sinha, Associate Director, Toxics Link

Satish Sinha has been associated with Toxics Link since 2003 and has been leading the team to effect change at both policy and grassroots level. His knowledge and expertise on environmental issues, especially in areas of municipal, hazardous & medical waste management, food safety & chemicals and POPs, has helped in taking these critical issues forward in the country. He has worked extensively on the policy and legal aspects of E-waste and has also co-authored "E Waste" published by TERI. He has in-depth knowledge on the informal recycling sector in India.

Prior to joining Toxics Link he held an important assignment of Director FICCI-CARE Gujarat Rehabilitation project post the Gujarat earthquake of 2000. He brings along rich and diverse management experience with him having served with the Indian Air Force for over 20 years in various responsible positions.

Dr. Kavita Yadav, BDS, MPH. She practiced dentistry in Chennai for 3 years. Also worked as a lecturer in Thaimugambiagai Dental College and Hospital. Chose her speciality in public health and did post graduation in same. Has been involved in the research activities since then. Has 3 international publications to her credit and has presented many international papers and posters. Has been part of ICMR project and conducted research in the tribal areas of H D Kote, Mysore. Has worked as a Consultant Research Associate for WHO Project-Scaling Up of Urban Health Services and BMGF Project SCI-FI (Scaling Up of city institutions in India). Have been working on a project "Mercury Free Dentistry" in collaboration with "World Alliance for Mercury Free Dentistry" and "Biomedical waste management" at national level since 6 months.
