## WORKSHOP/SEMINAR SUMMARY CONDUCTED ON 08<sup>TH</sup> NOVEMBER 2016

On occasion of World Radiology Day 8<sup>th</sup> November, 2016 Department of Oral Medicine & Radiology under the aegis of IAOMR conducted a one day CDE / Seminar programme on 'CBCT: Revealing the hidden dimensions & 3-D printing: Sculpting the way it is!!!' The highlights of the programme included 4 scientific lectures by eminent guest speakers followed by e-poster competition for undergraduates and post graduates. The eminent speakers delivered lectures on following topics:

- Principles of CBCT & its clinical applications
- Implant planning & simulation
- Computer guided surgery and 3-D printing
- CBCT artifacts

298 delegates from Sharda University and Delhi-NCR area registered for the programme. Various corporate houses sponsored for the event like Carestream, Dr.Reddy's Laboratory and Vatech India.

The programme span was of 8.5 hours (full day). 06 CDE was accredited by UP State Dental Council.

Brief profiles of the speakers is attached.

### **DR RAKESH NAGARAJU BDS, MDS, PhD**

#### **Session topic: Principles of CBCT and Clinical applications**

Dr Rakesh is working as an Associate Professor in Faculty of Dentistry (formerly known as M S Ramaiah Dental College) in Ramaiah University of Applied Sciences since 2007. He completed his post-graduation in 2007 from V S Dental College, Bangalore and completed his PhD in 2016. He is an avid researcher with over 50 publications in well renowned state, national and international journals and newspaper articles. He is the editor of the Journal of Dental and Orofacial Research. His main areas of interest include CBCT, Oral cancer, TMD's, Sialography, Digital radiology and Algorithms in Digital radiology, Computational Fluid Dynamics, and Medical image registration. He has presented many papers both at National and International conferences/symposium (Indianapolis, Indiana, USA and Cardiff, Wales, UK). He also has conducted Hands-on CBCT course for both post graduates and faculty.
