## SECTION B: Event report and reflection

### 1. Event objectives:-

Student should be able to utilize knowledge base that can be applied to the variety of approaches to clinical research. They will understand the stages involved in clinical research, components of design, and types of trials. Understand the roles of the FDA, industry sponsors, and the NIH in the clinical research enterprise

### 2. Event description:

pharmaceutical industries are very well established now-a-days and producing a large variety of medicine useful in the treatment of various diseases. It is now high-end development that is being carried out by leading companies whereas other small companies are finding themselves competing against, or working with, new innovation based companies to establish themselves in the market in concern to increase their productivity after trial. The present webinar is to focus on the Clinical Trial.

### 3. Participants (compulsory for events):

S. No	Total Participants	Number of Male	Number of Female
1	100	63	37

### 4. Budget distribution from University/any other agency: NA

### 5. Appendices

Please attach the following details in the report (DON'T SEND ANY OTHER ATTACHMENTS)

Note that the participant contact list is a mandatory requirement .
