<b>Event Caption/Conference Summery / (Brief description) 200 Words MAX.</b>	<p>Moot is one of the very helpful initiatives for the students who are looking forward to becoming the lawyers. Their mooting experiences make a great difference in their CVs and resumes. All students should be encouraged by the teachers and parents to participate in the moot competitions. The schools should have mooting societies that should be responsible for organizing competitions involving the national and domestic laws as well.</p> <p>The workshop had the object of making students learn the Key Facts about Moot Court:</p> <ul style="list-style-type: none"> <li>• The learner has to read the moot problem carefully and thoroughly to have a clear understanding of the facts.</li> <li>• Any participant's ability to manipulate the facts in a moot court is very often virtually nil.</li> <li>• A participant should be focused on the relevant facts of the moot problem and remove the irrelevant facts.</li> <li>• Generally, a moot court gives 20 minutes to each participant for presenting the case. From that 20 minutes, the judge will take 3-4 minutes for questioning.</li> <li>• A participant shouldn't take more than 2 or 3 minutes to narrate the facts.</li> <li>• The opening statement should be well thought.</li> <li>• The framing of issues should be careful.</li> </ul>
<b>Notes, Highlights &amp; dialogs with representatives, speakers, and exhibitors</b>	<p>A moot court competition simulates a court hearing (usually an appeal against a final decision), in which participants analyse a problem, research the relevant law, prepare written submissions, and present oral argument. Moot problems are typically set in areas of law that are unsettled or that have been subject to recent developments. They usually involve two grounds of appeal, argued by each side.</p> <p>The procedure imitates that followed in real courts: the judge enters, the mooters and the judge bow to each other, the clerk announces the matter, the mooters give their appearances and are then called on in turn to present their submissions, the judge asks questions of the mooters, the court adjourns, and the judge then returns to deliver a brief judgment and some feedback. Mooting is not the same as public speaking or debating, although it shares some common elements with these activities. It is a specialised application of the art of persuasive advocacy.</p>
