

Annexure I: Feedback Format on Curriculum Review by Stakeholders -Programme wise

(To be based on survey through template A of Feedback policy)

School: SBSR

Department: Physics

Academic Year: 2021-2022

Programme Name: Master of Science (Physics)

Programme Code: SBR0201

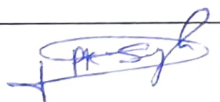

(This format is placed before the e Board of Studies & Action Taken Incorporated in Curriculum & forwarded to the Academic Council for Approval)

Stakeholders	No of Respondents	Scale	Feedback Questions Response (%)							Suggestions in Feedback taken up after DAC	Action Taken on Feedback
			Q1	Q2	Q3	Q4	Q5	Q6	Q7		
Faculty	7	Excellent	75%	25%	44%	12.50%				As received feedback was mixed. Suggestions for improvement in more 1. Application-based topics and include some lectures for competitive exams preparation.	Whenever new program structure will be developed according to new education policy, then more emphasis will be given on this point via including more 1. Hand on training-oriented courses, MOOC etc. Additionally, more Skill based practical labs will be introduced to give enhanced technical lab exposure to students.
		Very Good	25%	50%	56%	62.50%					
		Good		25%		25%					
		Satisfactory									
		Not Satisfactory									
Students	15	Excellent	44%	44%						As mixed feedback was received which found satisfactory but syllabus need to be updated based of 1. Industry demand and more practical based/ hand on training.	Whenever new program structure will be developed according to new education policy, then more emphasis will be given on this point via 1. Including MOOC, short courses and workshops etc. Additionally, more Skill based practical labs will be introduced to give enhanced technical lab exposure to students.
		Very Good	34%	34%							
		Good	22%	19%							
		Satisfactory		3%							
		Not Satisfactory									
Alumni	11	Excellent	90.91%	100%	81.82%	81.82%	81.82%			Feedback on curriculum was found satisfactory but suggestions for more 1. Seminars, presentation to	1. Research based learning has been introduced to give more exposure to research. 2. For the preparation of competitive exams and pursuing
		Very Good	9.09%		9.09%	18.18%	18.18%				
		Good			9.09%						
		Satisfactory									

		Not Satisfactory								give more exposer in the latest research trends.	higher studies appropriate arrangement already made.
Employers	2	Excellent								Mixed feedback was received which found to be satisfactory. But suggestions for 1. Relevancy according to latest demand in industry.	Whenever new program structure will be developed, then more emphasis will be given on 1. Hand on training oriented and industry -based courses via VAC, MOOC etc.
		Very Good	100%	50%	50%	100%	50%	50%			
		Good		50%			50%	50%			
		Satisfactory			50%				100%		
		Not Satisfactory									

NOTE: Questionnaires on Curriculum Feedback from stakeholders is attached as Annexure-A

Feedback Analysis: (Refer Feedback Analysis Report)	Feedback Action Taken: (Summarise as in points above)	Indicate whether incorporated in Curriculum/Course
1. As received feedback was mixed. Suggestions for improvement in more application-based topics and include some lectures for competitive exams preparation.	1. Whenever new program structure will be developed more emphasis will be given on industry requirements and more practical approaches via including MOOC, short courses and workshops etc.	Will implement in new program structure.
2. As mixed feedback was received which found satisfactory but syllabus need to be updated based of industry demand and more practical based/ hand on training.	2. For preparation of competitive exams and pursuing higher studies lecture series has been started to help the students.	Lecture series has been started but not the part of Curriculum/Course.
3. Feedback on curriculum was found satisfactory but suggestions for more Seminars, presentation to give more exposer in the latest research trends.	3. Research based learning has been introduced from coming batch.	Research based learning will be the part of curriculum from coming batch.
4. Mixed feedback was received which found to be satisfactory. But suggestions for relevancy according to latest demand in industry.
